Certified in Learning Python through Infosys SpringBoard, showcasing proficiency in programming and automation.

Completed 'Introduction to SQL' certification on edX, gaining hands-on experience in database querying and data manipulation.

Certified in Microsoft Excel from Udemy, skilled in data analysis and automation.

PROJECT

Currently working on a project named **"Student Login System"**.

Duration - 2 months.

Description – Student Details AI App is a Java-based application with a JavaFX GUI, web, and Android support for managing student records. Students can view their details, while teachers can update marks through a secure login system. The app features a user-friendly UI and MySQL database integration
